It has been such a lovely experience working with the team at 1-HOST! Janet did a great job explaining the details of the package to my partner and I during the contract signing to ensure we were clear on everything. She answered my many questions leading up to handing things over to Joan.

Joan was a fantastic coordinator who not only was with us every step of the way startng from the 3-month mark to the day of, but she was also considerate and professional and even ensured that I was kept hydrated on the day of! She provided a lot of helpful advice for us throughout the process, and I can't be happier working with her! Also, our 1-Altitude Coast venue was stunning!! Overall, it's been a lovely journey and our guests had an incredible time, all thanks to 1-HOST. Highly recommend!

We had a great experience hosting our wedding at 1-Altitude Coast. Loved the innovative idea of having a mock wedding so we can experience how our guests might experience our wedding. The food was great and there was also a complimentary wine and live station tasting.

One of the determining factors that drew us to the venue is the option of having a water stage which we absolutely loved although we did have a lot of anxiety because it is subjected to weather conditions. But overall the venue and ambience was great and we felt that it was almost the perfect wedding that we were envisioning.

Of course, it was possible thanks to Joan and her team who were with us throughout the journey. Joan herself also stayed late into the night of the wedding to help us out. Much thanks again to helping us create such a dreamy wedding!
